

Amendments to the Specification

Please amend the paragraph beginning on line 6 of page 29 as follows:

In accordance with another embodiment of the present invention, the energy extraction circuit may be a DC-to-DC regulator circuit such as disclosed in U.S. Patent Application Serial No. 10/330,555, which uses independently switched inductors to perform voltage conversion and U.S. Patent No. 7,202,648 ~~Application Serial No. ____/____,____~~ entitled “Fully Integrated DC-to-DC Regulator Utilizing On-Chip Inductors with High Frequency Magnetic Materials” ~~(Intel Attorney Docket No. P14766)~~.
